

DIMENSION-POLYANT

The Sailcloth Producer

Code Zero

Code Zero sails were initially developed for offshore racing but are now gaining popularity in club and buoys racing. A Code Zero sail is similar to an asymmetric spinnaker but flatter in shape and used like a light area genoa. Conventional spinnaker fabrics have insufficient stretch resistance to work in these applications. Therefore DIMENSION-POLYANT has developed a special lightweight laminate line to match the requirements.

Code Zero

● HIGHEST QUALITY FROM THE START

DIMENSION-POLYANT uses only performance high tenacity fibers, customdeveloped chemicals as well as premium films from qualified suppliers

● IN-HOUSE MANUFACTURING

DIMENSION-POLYANT is worldwide the sole producer of high quality sailcloth with its own in-house manufacturing. As sailcloth is our only product we have invested in customized equipment for weaving, finishing and laminating.

● CONTINUOUS INNOVATION

DIMENSION-POLYANT has the most dedicated R&D team, the state-of-the-art facilities and preferred access to the newest fibers, chemicals and components. Together with German and American engineering this provides the base for trend setting developments.

● GLOBAL REACH

Our worldwide distribution and technical support network makes DIMENSION-POLYANT the perfect partner for your sailmaker

- ▶ *improved elongation resistance*
- ▶ *excellent diagonal stability*
- ▶ *highly resistant surfaces*
- ▶ *UV stabilisation*
- ▶ *mildew protection*
